

School Council

Our School Council gives pupils a voice in our school and provides an opportunity for them to share their ideas, represent their classmates and help make positive changes to school life. Each class democratically voted for their School Council representative, giving pupils the opportunity to experience the importance of having a voice and making decisions together.

The School Council meets fortnightly to discuss ideas, listen to feedback and work together to make a difference. At our first meeting, we sent out a survey to all classes so that every pupil had the opportunity to share their thoughts, suggestions and priorities for the year ahead. This feedback has helped us identify the areas that matter most to our pupils.

This year, our School Council will be focusing on five key areas:

- Litter – helping to keep our school grounds clean, tidy and welcoming, while encouraging everyone to take pride in our environment.
- Breakfast Club – listening to pupils' views and exploring ways we can make our breakfast provision even better.
- Lunchtimes – looking at how we can make lunchtimes enjoyable, inclusive and positive for everyone.
- Charity Work – working together to support charitable causes and encourage our school community to think about how we can help others.
- Helping the Local Area – exploring ways that our pupils can make a positive contribution to our local community and environment.

Our School Council members have an important responsibility to represent the views of their classmates and make sure that everyone's voice is heard. We are excited to see the ideas, projects and positive changes that our School Council will help bring about this year.

We are incredibly proud of our School Council representatives and look forward to seeing them develop their confidence, communication, teamwork and leadership skills as they work together to make our school and local area a better place.
